PROFESSIONAL SUMMARY

Front-End Developer specializing in **React.js**, **Next.js**, and **TypeScript**, with experience delivering responsive, user-focused web applications for international clients. Strong foundation in building reusable UI components, integrating REST APIs, and managing client-side state using modern front-end patterns and tooling. Final-year Computer Science student at Arab Open University (AOU), expected graduation 2026. Actively seeking a Front-End Internship or Junior Front-End Developer role to contribute to product teams and grow in a collaborative, delivery-driven environment.

WORK EXPERIENCE

Front-End Developer (Freelance)

2021 – Present

Fiverr

- Delivered multiple front-end projects for international clients, consistently receiving **5-star reviews**.
- Built responsive, reusable UI components with **React**, **TypeScript**, and modern styling solutions (Tailwind CSS, Bootstrap, SCSS).
- Integrated REST APIs using **Axios**, handling loading/error states and improving data-flow reliability.
- Worked closely with clients to clarify requirements, propose solutions, and deliver clean, maintainable implementations.
- Improved UX through performance-minded UI work (component optimization, better rendering patterns, and cleaner architecture).

React Front-End Developer (Training / Internship)

Jan 2024 – May 2024

CompuEgy Software Management

- Trained and contributed as a React front-end developer within a team environment.
- Developed UI screens and reusable components, following consistent coding standards.
- Worked with APIs and application state while collaborating with team members to deliver features and fixes.
- Used Git/GitHub for version control and followed structured workflows for day-to-day development.

EDUCATION

B.Sc. in Computer Science

2023 - Final Year, Expected Graduation: 2026

Arab Open University (AOU) – Egypt

Focus areas include software development, web technologies, and problem-solving methodologies.

HEM Engineer

2018 - 2022

Faculty of Engineering, Cairo University

I was a student in faculty of engineering in Cairo university in HEM Department but I didn't complete my studies there because my passion was for programming more than engineering. NOTE, I transferred from Cairo University's Faculty of Engineering to the Faculty of Computers and Information of my own free will and was not expelled from the university.
